

Electrical Fitter / Panel Wirer

Location: Between Leeds & York - LS25 6NB

Job Type: Full-Time | Permanent

Pay: £15.30 - £16.23 per hour

Company Overview

GR Electrical Services Ltd is a well-established Low Voltage Switchgear Manufacturer, delivering high-quality building services and infrastructure solutions from M.V. to L.V. sub-distribution systems.

Due to continued growth, we are seeking a skilled Electrical Fitter / Panel Wirer to join our Manufacturing Facility Team.

Position Overview:

As a Panel Wirer, you will play a crucial role in assembling and wiring power distribution equipment within prefabricated cabinets. Your expertise in mechanical and electrical assembly, coupled with your ability to interpret design drawings accurately, will ensure the reliability and functionality of our products.

Main Duties:

- Ensure precise wiring and connections, adhering to electrical codes and standards.
- Correctly interpreting wiring schematics & schedules
- Collaborate closely with the Works Manager to fulfil manufacturing requirements and achieve production targets.

Skill Requirements:

- Proven experience in mechanical and/or electrical assembly work, preferably within a manufacturing environment.
- Proficiency in interpreting and following mechanical and/or electrical design drawings with precision.
- Strong attention to detail and commitment to maintaining quality standards throughout the assembly process.
- Ability to work effectively within a team environment under the guidance of the Works Manager.

Working Hours

- Monday - Thursday: 07:30 - 16:00
- Friday: 07:30 - 15:00
- Overtime available as required
- Occasional weekend work based on production demands

Benefits:

- Competitive hourly rate (£15.30 - £16.23 per hour)
- Company pension
- Regular training and development
- Bonus scheme (supplemental pay)
- On-site parking
- Clean and organised working environment
- On-site canteen facilities

Application Process:

Interested candidates are encouraged to apply by submitting their CV and relevant details. Join our team at GR Electrical Services Ltd and contribute to the production of high-quality electrical components driving efficiency and innovation in the industry. Email sales@gr-electrical.co.uk
