

# Site Test & Commissioning Engineer at GR Electrical Services Ltd

An invitation to make a career as a new member of our On-Site Team becoming an essential addition to GR and the site services team. The role involves one of our few key client facing positions which at present is under resourced. Our needs are a capable and hardworking individual to take on the pressures and rewards of this highly skilled position.

Vacancy - Full Time	<input checked="" type="checkbox"/>
Competitive Hourly Rate	<input checked="" type="checkbox"/>
Overtime and Weekend Working	<input checked="" type="checkbox"/>
A Company willing to Invest in You	<input checked="" type="checkbox"/>
Progressive future in real manufacturing	<input checked="" type="checkbox"/>
A Career in the Construction Industry	<input checked="" type="checkbox"/>

## Key Roles and Responsibilities

- Installation, On-Site & In-House Testing/Commissioning, Modifications, and Maintenance of bespoke complete building services infrastructure solution of M.V & L.V Distribution
- Benefits include: Company Vehicle, Pension and Overtime

## Skill Requirements

- Electrical background is an essential part of the role and some form of experience would be required
- NVQ or Electrical Certification is desired, GR are willing to support
- Working Flexibility is key for this role as occasional weekend working is required and the travelling nature of the position
- Switchgear background is preferred but not essential
- Interpersonal skills are a must as liaising with key clients and working closely with our Project Engineers and the Engineer Manager

If a career in real manufacturing is what you are after GR Electrical Services Ltd is your next step.
